Important Correspondence Between Ceneral Grant Napoleon insured the Exposition building for 7,500,000 francs. Cancago, Aug. 27 .- Grant, in his reply to the

There were over 40,000 lunatics in public institutions in England, January 1, 1866. patriotic people who sacrificed millions of treas-The Czar of Russia is described as a tall, stately man, with clear-cut features and dark hair, the India Islands for the sum of eight millions dollars urer to preserve the Union, that the order removing Sheridan may not be insisted on. It is the Czarina as a pale, delicate-looking lady, with in gold. This statement is made upon the aunamestrikably expressed wish of the country that handsome, even features and a graceful figure. Sheridan should not be removed from his present

duties faithfully and intelligently, and his removal The Russian Minister informs the State Dewill be regarded as an effort to defeat the laws of partment that orders have been issued to the Congress, and be interpreted as a triumph of the officials in charge of Russian American ports to unreconstructed element of the South. It will admit United States vessels free of duty, the emboblen them to renewed opposition to the loyal masses, believing that they have the Executive ratifications of the treaty having been formally with them. Grant says Thomas has repentedly

As an orator Lord Russell is described as weak protested against being assigned to either of the and insipid. He never yet made a speech which Southern Departments, and his past services worth quoting or remembering. His voice is entitle him to consideration. Hancock ought not low; his gestures ungraceful; his perorations to be removed. His Department is a complicated one, and it will take a new commander some time

construction of the Paris Exposition building. Santa Cruz has no good harbor. promptness in submitting his views, but says he Nearly fifteen million holes were punched to St. Thomas, the second island in point of size, is not conscious that the question of removing Sheridan has ever been submitted to the people

the army to assume that he alone is capable of an average of 11,500 francs for each. commanding the Fifth District. He speaks in high terms of Thomas as an old and tried officer, A writer in a French scientific paper says that a with great ability, sound discretion and sterling patriotism. The affairs in Sheridan's district are the liability of the latter to spontaneous combusin a greatly disturbed condition. A bitter spirit tion, without injuring its explosive qualities.

The largest piece of paper ever discounted by the Bank of England was a bill of £800,000about four millions of dollars! And the largest amount ever paid out in one day was £2,500,000, or about twelve millions five hundred thousand dollars! This was in the great panic, in May, broad, has a population of 2,500, and is of but tyranny, without reference to the principles of 1866.

WEAPONS OF WAR .- The firing of the Chasseport rifle has astonished the Emperor of the rench by its destructiveness. In two minutes a nious and satisfactory execution of the laws of Congress and is alone sufficient to justify a change. the mark was so cut up that not a blade of grass could be seen; and the Emperor, perhaps having

The possession of these island. in his mind's eye 5,000 Prussians standing in from others. The mere change of commanders could not after the law, and Thomas will be as " It is frightful! It is a massacre!"

much bound by its requirements as Sheridan. It cannot embolden the people to renewed oppo-sition to the will of the loyal masses, believing they have the Executive with them, for they are President, who has not obstructed the faithful feels certain that Sheridan will find in Indian my son, because I acquired you for Christ at a by Congress .- S. F. Times, warfare a suitable field for the display of that very great price. On your account a universal railing burst out against me and the Apostolic energy, enterprise and daring which gave him a noble reputation in the late struggle. He says,

being Commander-in-Chief of the Army and navy, and believing it his duty to preserve, protect and How AN EASTERN MONARCH TRAVELS .- The defend the Constitution, he has issued an order for the change of the commander of the Fifth arations for his July visit to Paris. His suite is ized, and it is becoming so formidable that the District, regarding it absolutely necessary for the announced as consisting of 500 persons-300 gamblers have been obliged to form an Associafaithful execution of his duties. He reminds women and 15 cunuchs, etc. Whether these tion to watch and fight it. A recent writer, Grant, in conclusion, that he did not from the first ladies and gentlemen-we mean hours and speaking of the anti-gambling organization, says: consider Sheridan the most suitable man for that cumuchs-will be lodged in the Tuileries along command. Trial has strengthened his convictions with the Grand Turk himself, we have not yet controlled by that despicable sin, seeks to win by on this point; therefore he supersedes him by an learned from the Moniteur. We may be sure chance what he is too indolent to secure by indusofficer who, while faithfully observing the law, that he and his state will create a greater sensa- try, will emerge from a gambling saloon a loser;

A COLD IN THE HEAD .- A Dr. Palion of St. now more than half completed. The entire length the head. Herewith is the prescription:

effected in March was 148 yards, and if the pres- erated, the bottle should be kept under the nose until the pungency of the volatile alkali is felt. The bottle is then removed but only to be re-applied in a minute; the second application, however, should not be so long, that the patient may bear it. This easy operation being repeated seven or eight times in the course of five minutes, but always very rapidly, except the first time, the nostrils become free, the sense of smell is restored, and the secretion of the irritating mucous is stopped. This remedy is said to be peculiarly advan-

Goods on Consignment! FRIGHTFUL MILITARY INVENTION .- A French inwhich he says: I can, at a distance of 1,000 metres, and must be punished by shutting outside of all envelope an army of 100,000 men in a sea of flame within less than five minutes. If a town has to be taken by assault, I have no need of a Rotopschine, as I can set it on fire in very nearly the effect October Ist. Newspapers and circulars are same period. In a navai battle I would run into charged two cents each to Great Britain; newspadeck of the vessel with a torrent of flame, which four cents for each four cunces; books six cents would burn the rigging, penetrate between the each four onnees; patterns or samples of merchandecks, and instantaneously stiffe all the crew. In an attack on a scaport, I could burn the town be open on the sides or end. Sample packets are be open on the sides or end. Sample packets are

Sunday, the 19th, telegraphed to their mother, exchange vest of the Mississippi. asking her permission, and inquiring whether it would be against the rule and preedent in the case of good young Princes of filial antecedents. The Queen made no reply, and the young men, paying heed to the old proverb, regarded silence as giving assent. So they went to the races, bet their money on the "bob-tail horse," and had a good

A SCENE IN AN ENGLISH CHURCH.—Some two weeks ago, the Bishop of Salisbury, holding his triennial visitation at Bridport, delivered a Charge in which he vindicated the following doctrines:

First, that certain men have had intrusted to them by God, as fellow-workers with Him, super-By the Ceylon and Iolani, a Fall Supply of the natural powers and prerogatives; Second, that God had been pleased to give to these His ministers the power of so sitering the elements of bread and wine as to make them the channels of THE MODEL COOK has now been before the public for four years, and theroughly tested in all respects, and to say that no Stove yet made has given equal satisfaction is speaking within the bounds of truth, while it is no disparagement to the cleroymen. His minister. The superiority of the Model Cook consists in its plan of that which He pleads in Heaven; and, Fourth, that God, who alone can forgive sins, hath delete greatest amount of work with the smallest possible quantity of fuel. That the that God, who alone can forgive sins, bath dele- Removes superflors hair from all parts of the body in five gated to them, His representatives, the power minutes without injury to the skin. and authority of expressing to those fitting to receive it the pardon of their sins.

During the reading of the Charge, a Rector, the Rev. W. C. Templer, stepped into the aisle A Novel and Peculiar Feature of the Model Cook! before the Bishop and exclaimed with much fervor, the addition of a VENTILATED ROASTING "I believe there is a time to speak and a time to Relieves the most violent paroxysms of Asthma in ten minutes. be silent; let those that are on the Lord's side and effects a speedy cure ts the abilition of a VENTILATED ROANTING

Latest Annexation Project.

Ever since the country was surprised with the announcement of the purchase of Russian America we have had all sorts of annexation reports, the latest being that made in our dispatches this morning that a treaty has been negotiated for the purchase by our Government of the Danish West thority of an Austrian newspaper, but is rendered The London papers state that Mr. William extremely probable by the fact that negotiations command. This is a republic, where the will of Lloyd Garrison, the veteran pioneer of American are known to have been in progress for the purchase of St. Thomas. the people is the law. He urges that their voice anti-slavery, is everywhere received in England

The Danish possessions in the West Indies consist of the three islands of the Virgin group— Santa Cruz, St. Thomas and St. John, in latitude 18 north and longitude 64 west, having an aggregate area of 127 square miles, with a population of some 40,000 composed principally of blacks. Of these islands Santa Cruz is the largest and richest, being about 20 miles long, with a breadth varying from 2 to 6 miles. It has an area of 78 square miles, with a population of about 24,000. The climate is not considered healthy, but the soil is moderately fertile. Sugar is the principal crop, and varies from twelve to forty thousand About six million of rivers were used in the hogsheads, according to the amount of rain.

has an area of some 27 square miles, with a pop-Mile. Patti has sung at 230 representations in ulation of 13,000 or 14,000. Its productions are Paris, and the sum they have produced amounts unimportant, but, being a free port, its trade is to no less than 2,564,500 francs (£102,580), quite extensive. It is the central station of the British mail steamers, and the depot for much of the West Indian trade. The harbor, which is combination of ammonia with gun cotton removes large and beautiful, lies about midway of the island, on the south side, and is almost landlocked, being entered from the sea by a passage only a little over a thousand yards wide. The town, Charlotte-Amelia, is upon the north side of the harbor, and contains many substantial dwellings and stores and several fine hotels.

St. John, or St. Jan, is about 24 miles east of little agricultural or commercial importance, though it has a good anchorage.

The three islands have at present a single general government, the Governor residing upon cattalion of 500 men, at 600 yards from the Santa Cruz. The revenue, which is about \$400,mark, had fired 8,000 balls, of which 1,992 had 000, is generally a little less than the expendistruck the line of aim. The ground in front of tures, but the King of Denmark derives an income

The possession of these islands would give us a foothold in the West Indies, and that of St. that dangerous spot is reported to have exclaimed, Thomas would be extremely valuable to our commercial and naval marine. On the part of Den-The "little Mortara boy," whose case excited | mark there would be little objection to their sale, so much attention a few years ago, has grown to as the advantages she derives from them are very be a youth of considerable talent, and lately slight; while in the event of a war with a maripresented an address to the Pope on behalf of his time power, in which she is likely to be involved llow students.
